Aims and Scope: Heart is an international peer reviewed journal that keeps cardiologists up to date with important research advances in cardiovascular disease. New scientific developments are highlighted in editorials and put in context with concise review articles. Education in Heart articles provide a comprehensive, continuously updated, cardiology curriculum. Heart promotes active interchange among researchers and readers to come together as a community to advance science and improve patient care via regular free audio podcasts, letters to the Editor, a blog summarising the latest cardiology research, and news via Twitter and Facebook.
