Heartbeat
1 Heartbeat: sex disparities in stroke, heart failure and all-cause mortality in adults with coronary heart disease
C M Ono

Editorials
4 Persistent sex differences in outcomes after coronary heart disease: time to move from observation to action
R Asleh
7 Cardiac involvement in COVID-19: cause or consequence of severe manifestations?
B R Nascimento, C Sablé
9 Lipoprotein(a) and aortic stenosis
K-L Chon

Implications of screening for coexisting transthyretin amyloidosis and aortic stenosis
R Cheng, J Griffin

Cochrane corner
14 Cochrane corner: PCSK9 monoclonal antibodies for the primary and secondary prevention of cardiovascular disease
J-P Carter, A D Hingorani, J Wilkins, A F Schmidt

Review
16 Benefits of sodium glucose cotransporter 2 inhibitors across the spectrum of cardiovascular diseases
G S Gulsn, M P M Graham-Brown, J B Square, M J Davies, G P McCann

Arrhythmias and sudden death
22 Implantable cardiac defibrillator events in patients with arrhythmogenic right ventricular cardiomyopathy
O Wdzięcz, K Borowiec, M Konka, A Cichu-Mikołajczyk, A Przybylski, E Szumowski, P Hoffman, K Poślech, E K Biernacka

Coronary artery disease
37 Sex disparity in subsequent outcomes in survivors of coronary heart disease
R K Akyea, E Kotsopantelis, J Kai, S F Wang, R S Patel, F W Asselbergs, N Qureshi

Heart failure and cardiomyopathies
46 MRI and CT coronary angiography in survivors of COVID-19

54 Standard ECG for differential diagnosis between Anderson-Fabry disease and hypertrophic cardiomyopathy

Valvular heart disease
61 Lipoprotein(a) has no major impact on calcification activity in patients with mild to moderate aortic valve stenosis

67 Impact of afterload and infiltration on coexisting aortic stenosis and transthyretin amyloidosis

Aortic valve replacement for secondary surgery
A K Akyea, E Kotsopantelis, J Kai, S F Wang, R S Patel, F W Asselbergs, N Qureshi

Heartbeat
3 Arrhythmias and sudden death
22 Implantable cardiac defibrillator events in patients with arrhythmogenic right ventricular cardiomyopathy
O Wdzięcz, K Borowiec, M Konka, A Cichu-Mikołajczyk, A Przybylski, E Szumowski, P Hoffman, K Poślech, E K Biernacka

Risk of left atrial appendage thrombus and stroke in patients with atrial fibrillation and mitral regurgitation
R Melduni, V T Nkomo, W Wysokinski, B J Gersh, A Deshmukh, R Padang, E L Greene, J K Oh, H-C Lee

The online version of this article contains multiple choice questions hosted on BMJ Learning.
Education in Heart
73  Cardiovascular disease risk in immune-mediated inflammatory diseases: recommendations for clinical practice
   R Agca, Y Smulders, M Nurmohamed

Cardiology in focus
80  Interview with Michelle Albert, MD MPH
   B Ashinne

Image challenge
28  Acute onset chest pain in a young man
   D Bhasin, J R Kashyap, S Kumar
