Contents

Volume 109  Issue 15  |  HEART  01 August 2023

Highlights from this issue

1123 Heartbeat: Questionable benefit of beta-blocker therapy more than one year after myocardial infarction in patients without heart failure or ventricular dysfunction
C M Ong

Editorials

1126 Implantable cardioverter–defibrillator shocks during long-term follow-up in arrhythmogenic right ventricular cardiomyopathy
S A Muller, A S J M te Riele

1128 Should beta-blockers be recommended after myocardial infarction when left ventricular ejection fraction is normal?
T Evans, R Stewart

1130 Invasive coronary microvascular function assessment: pharmacological versus exercise testing
R Sykes, D T Y Ang, C Berry

Reviews

1132 Cardiac sarcoidosis
D-W Sohn, J-B Park

1139 Potential mechanisms linking high-volume exercise with coronary artery calcification
A Zambrano, Y Tinat, L L Demer, J J Hsu

Arrhythmias and sudden death

1146 Evolution and triggers of defibrillator shocks in patients with arrhythmogenic right ventricular cardiomyopathy

Coronary artery disease

1159 Association of beta-blockers beyond 1 year after myocardial infarction and cardiovascular outcomes
D Ishak, S Aktaa, L Lindhagen, J Alfredsson, T B Dondo, C Held, T Jernberg, T Yudigeon, C P Gale, G Batra

1166 Haemodynamic and metabolic adaptations in coronary microvascular disease
S Naaman, D M Kaye, S Nanayakkara, A M Dar, A S C Yong, M Ng, D Vizi, S J Duffy, N Cox, W Chan

Study design

1175 Rationale and design of a randomised trial of trientine in patients with hypertrophic cardiomyopathy

Education in Heart

1183 Holistic approach to drug therapy in a patient with heart failure
P Forsyth, J Beezer, J Bateman

Image challenge

1145 Recurrent ventricular arrhythmia after aortic root replacement and mitral valve repair
J Afobe, E Camacho, G Bagamoni

Consensus statement

e1 Joint British Societies’ position statement on bullying, harassment and discrimination in cardiology
C F Camm, A Joshi, H Effekhar, R O’Flynn, R Dobson, N Carzen, G Lloyd, J P Greenwood, C Allen

Aortic and vascular disease

1153 Pregnancy-related aortic complications in women with bicuspid aortic valve
