

INDEX OF AUTHORS

A

- Abdin, Zahira, H.: Electrocardiogram in aortic stenosis. 31.
Amoroso, E. C. (and G. S. Dawes and Joan C. Mott): Patency of the ductus arteriosus in the newborn calf and foal. 92.
Angelino, P. F. (and R. Garbagni, A. Brusca, and E. Minetto): Residual lung volume in mitral disease. 479.
Ansell, B. M. (and E. G. L. Bywaters, and I. Doniach): Aortic lesion of ankylosing spondylitis. 507.
Apthorp, G. H. (and M. B. McIlroy): Pulmonary function in pulmonary hypertension. 397.

B

- Barlow, J. (and J. Shillingford): The use of amyl nitrite in differentiating mitral and aortic systolic murmurs. 162.
Belcher, J. R.: Restenosis of the mitral valve. 76.
Besterman, E. M. M.: Effects of acute cardiac infarction and of heparin therapy on the lipoproteins. 21.
Boyd, J. F. (and S. D. Scott Park, and George Smith): Correlation between various assessments of pulmonary arterial pressure in mitral stenosis. 466.
Brennan, C. F. (and Evan Fletcher): Digitalis and intractable heart failure. 204.
Briggs, R. M. (and J. Mackinnon): Patent ductus arteriosus with mitral stenosis. 424.
Brotmacher, L. (and Maurice Campbell): The natural history of ventricular septal defect. 97.
— (and Maurice Campbell): Ventricular septal defect with pulmonary stenosis. 379.
Bruns, D. L. (and L. G. Van der Hauwaert): Aortic systolic murmurs developing with increasing age. 370.
Brusca, A. (and R. Garbagni, P. F. Angelino, and E. Minetto): Residual lung volume in mitral disease. 479.
Burry, A. F.: Supra-aortic stenosis associated with Marfan's syndrome. 143.
Bywaters, E. G. L. (and B. M. Ansell, and I. Doniach): Aortic lesion of ankylosing spondylitis. 507.

C

- Campbell, Maurice (and L. Brotmacher): The natural history of ventricular septal defect. 97.
—: Unilateral rib-notching from the collateral circulation after division of the subclavian artery. 253.
— (and L. Brotmacher): Ventricular septal defect with pulmonary stenosis. 379.
Cardus, D. (and J. Mackinnon, and G. Wade): Circulatory effects of changing position in mitral disease. 233.
Chamberlain, E. N. (and C. A. St. Hill, and S. Cope): Anti-streptolysin O titre in rheumatic carditis. 183.
Chesler, E.: Serum glutamic oxalacetic transaminase levels in diphtheritic myocarditis. 244.
Clare, F. B. (and R. Gorlin, and J. J. Zuska): Evidence for pulmonary vasoconstriction in man. 346.
Collins, D. M. (and T. East, M. P. Godfrey, P. Harris, and S. Oram): Ventricular septal defect with pulmonary stenosis and aortic regurgitation. 363.
Cope, S. (and E. N. Chamberlain, and C. A. St. Hill): Anti-streptolysin O titre in rheumatic carditis. 183.
Coulshed, N. (and E. Wyn Jones): Tracheal vascular ring causing dyspnoea. 147.
—: Incompetent congenital bicuspid right atrio-ventricular valve. 433.
Cropp, G. J. (and G. W. Manning): Electrocardiogram in progressive muscular dystrophy. 416.
Cutforth, R. H. (and S. Oram): Electrocardiogram in pulmonary embolism. 31.

D

- Davidson, L. A. G. (and H. A. Dewar): Cerebral blood flow in mitral stenosis and its response to carbon dioxide. 516.
Davies, L. G.: Observer variation in reports on electrocardiograms. 153.
Dawes, G. S. (and E. C. Amoroso, and Joan C. Mott): Patency of the ductus arteriosus in the newborn calf and foal. 92.
Dewar, H. A. (and L. A. G. Davidson): Cerebral blood flow in mitral stenosis and its response to carbon dioxide. 516.
Doniach, I. (and B. M. Ansell, and E. G. L. Bywaters): Aortic lesion of ankylosing spondylitis. 507.

E

- East, T. (and D. M. Collins, M. P. Godfrey, P. Harris, and S. Oram): Ventricular septal defect with pulmonary stenosis and aortic regurgitation. 363.
Emslie-Smith, D.: The spatial vectorcardiogram in hypothermia. 175.
Evans, William (and D. S. Short): Pulmonary hypertension in congenital heart disease. 529.

F

- Fabricius, J. (and W. Falholt): Evaluation of dye injection methods in congenital heart disease. 117.
 Falholt, W. (and J. Fabricius): Evaluation of dye injection methods in congenital heart disease. 117.
 Fischmann, E. J.: The orthogonal electrocardiogram in left ventricular hypertrophy. 167.
 Fletcher, Evan (and C. F. Brennan): Digitalis and intractable heart failure. 204.
 French, G.: Aconitine-induced cardiac arrhythmia. 140.

G

- Garbagni, R. (and P. F. Angelino, A. Brusca, and E. Minetto): Residual lung volume in mitral disease. 479.
 Godfrey, M. P. (and D. M. Collins, T. East, P. Harris, and S. Oram): Ventricular septal defect with pulmonary stenosis and aortic regurgitation. 363.
 Gonda, Endre (and János P. Radó, and Erwin Kovács): The role of venous constriction in circulatory disorders. 389.
 Goodwin, J. F.: The influence of ventricular hypertrophy upon the cardiogram of anterior cardiac infarction. 191.
 Gorlin, R. (and F. B. Clare, and J. J. Zuska): Evidence for pulmonary vasoconstriction in man. 346.
 Gunton, R. W. (and C. R. Woolf, and W. Paul): Diagnostic use of an ear oximeter in congenital heart disease. 311.

H

- Hamer, N. A. J.: The vectorcardiogram in atrial septal defect. 215.
 Harris, P. (and D. M. Collins, T. East, M. P. Godfrey, and S. Oram): Ventricular septal defect with pulmonary stenosis and aortic regurgitation. 363.
 Higgins, G. L.: Patent ductus arteriosus with ventricular septal defect. 421.
 Hill, Ian (and Hamish Watson, C. Pickard, and K. G. Lowe): Selective cine-angiocardiology with image intensification. 459.
 Hollman, A.: Electrocardiographic diagnosis of right ventricular hypertrophy in infancy and childhood. 129.
 Hume, Robert: Fibrinolysis in myocardial infarction. 15.

J

- James, W. R. L. (and A. J. Thomas): The right ventricle and the small pulmonary arteries in coalworkers. 403.
 Johnson, A. M. (and W. D. Logan): Coronary artery catheterization during thoracic aortography. 411.
 Jones, E. Wyn (and N. Coulshed): Tracheal vascular ring causing dyspnoea. 147.

K

- Kesson, C. W.: Fœtal paroxysmal auricular tachycardia. 552.
 Kovács, Erwin (and János P. Radó, and Endre Gonda): The role of venous constriction in circulatory disorders. 389.

L

- Leonard, J. J. (and A. M. Weissler, and J. V. Warren): Modification of ventricular gallop rhythm induced by pooling of blood in the extremities. 502.
 Linko, Eino (and Erkki Sysimetsa): Clinical and radiological aspects of calcification of the mitral region. 329.
 Logan, W. D. (and A. M. Johnson): Coronary artery catheterization during thoracic aortography. 411.
 Lowe, K. G. (and Hamish Watson, C. Pickard, and Ian Hill): Selective cine-angiocardiology with image intensification. 459.

M

- Mackinnon, J. (and D. Cardus, and G. Wade): Circulatory effects of changing position in mitral disease. 233.
 — (and R. M. Briggs): Patent ductus arteriosus with mitral stenosis. 424.
 Manning, G. W. (and G. J. Cropp): Electrocardiogram in progressive muscular dystrophy. 416.
 Marques, Mario Gomes: Atrial dissociation. 335.
 Martins de Oliveira, Jorge (and Mohinder P. Sambhi, and Henry Zimmerman): Electrocardiogram in pectus excavatum. 495.
 McCampbell, S. R.: Direct left atrial pressure tracings and the degree of mitral obstruction. 341.
 McIlroy, M. B. (and G. H. Apthorp): Pulmonary function in pulmonary hypertension. 397.
 Minetto, E. (and R. Garbagni, P. F. Angelino, and A. Brusca): Residual lung volume in mitral disease. 479.
 Misra, S. N. (and L. M. Sanghvi): Electrocardiograms with short P-R interval and aberrant QRS complex. 357.
 Mott, Joan C. (and E. C. Amoroso, and G. S. Dawes): Patency of the ductus arteriosus in the newborn calf and foal. 92.
 Moulton, R. (and H. G. Spencer and D. A. Willoughby): Noradrenaline sensitivity in hypertension measured with a radioactive sodium technique. 224.
 Mounsey, Patrick (and Catherine Neill): Auscultation in patent ductus arteriosus: with a description of two fistulae simulating patent ductus. 61.
 Muller, O. (and K. Rørvik): Hæmodynamic consequences of coronary heart disease. 302.

N

- Neill, Catherine (and Patrick Mounsey): Auscultation in patent ductus arteriosus: with a description of two fistulae simulating patent ductus. 61.
 Newcombe, C. P. (and J. R. H. Towers): Myxoma of the left auricle with direct pressure tracings. 575.
 Nicks, Rowan: Surgical study of coarctation of the aorta. 351.

O

- Oliveira, Jorge Martins de (Mohinder P. Sambhi, and Henry Zimmerman): Electrocardiogram in pectus excavatum. 495.
 Oram, S. (and R. H. Cutforth): Electrocardiogram in pulmonary embolism. 31.
 — (and D. M. Collins, T. East, M. P. Godfrey, and P. Harris): Ventricular septal defect with pulmonary stenosis and aortic regurgitation. 363.

P

- Papp, Corneilo: Cardiac syncope in atrial septal defect. 9.
 Pappas, M. P.: Disappearance of pathological Q waves after cardiac infarction. 123.
 Park, S. D. Scott (and J. F. Boyd, and George Smith): Correlation between various assessments of pulmonary arterial pressure in mitral stenosis. 466.
 Parkes, W. E.: Thoracolumbar sympathectomy in hypertension. 249.
 Paul, W. (and C. R. Woolf, and R. W. Gunton): Diagnostic use of an ear oximeter in congenital heart disease. 311.
 Pickard, C. (and Hamish Watson, K. G. Lowe, and Ian Hill): Selective cine-angiocardiology with image intensification. 459.

R

- Radó, János P. (and Endre Gonda and Erwin Kovács): The role of venous constriction in circulatory disorders. 389.
 Robinson, G. L.: Double-barrelled aorta with bacterial endarteritic vegetations. 571.
 Rørvik, K. (and Muller, O.): Hæmodynamic consequences of coronary heart disease. 302.

S

- St. Hill, C. A. (and E. N. Chamberlain, and S. Cope): Anti-streptolysin O titre in rheumatic carditis. 183.
 Sambhi, Mohinder P. (and Jorge Martins de Oliveira, and Henry Zimmerman): Electrocardiogram in pectus excavatum. 495.
 Sanghvi, L. M. (and S. N. Misra): Electrocardiograms with short P-R interval and aberrant QRS complex. 357.
 Shillingford, J. (and J. Barlow): The use of amyl nitrite in differentiating mitral and aortic systolic murmurs. 162.
 —: Simple method for estimating mitral regurgitation by dye dilution curves. 229.
 Short, D. S. (and William Evans): Pulmonary hypertension in congenital heart disease. 529.
 Smith, George (and J. F. Boyd, and S. D. Scott Park): Correlation between various assessments of pulmonary arterial pressure in mitral stenosis. 466.
 Spencer, H. G. (and R. Moulton, and D. A. Willoughby): Noradrenaline sensitivity in hypertension measured with a radioactive sodium technique. 224.
 Storey, Geoffrey: The electrocardiogram in syphilitic heart disease. 483.
 Sysimetsa, Erkki (and Eino Linko): Clinical and radiological aspects of calcification of the mitral region. 329.

T

- Teare, Donald: Asymmetrical hypertrophy of the heart in young adults. 1.
 Thomas, A. J.: Coronary heart disease in the presence of pulmonary disease. 83.
 — (and W. R. L. James): The right ventricle and the small pulmonary arteries in coalworkers. 403.
 Towers, J. R. H. (and C. P. Newcombe): Myxoma of the left auricle with direct pressure tracings. 575.

V

- Van der Hauwaert, L. G.: Aortic systolic murmur developing with increasing age. 370.
 Van der Spuy, J. C.: The functional and clinical anatomy of the mitral valve. 471.

W

- Wade, G. (and D. Cardus, and J. Mackinnon): Circulatory effects of changing position in mitral disease. 233.
 Walmsley, Robert: The orientation of the heart and the appearance of its chambers in the adult cadaver. 441.
 Warren, J. J. (and A. M. Weissler, and J. J. Leonard): Modification of ventricular gallop rhythm induced by pooling of blood in the extremities. 502.
 Watson, H. (and C. Pickard, K. G. Lowe, and Ian Hill): Selective cine-angiocardiology with image intensification. 459.
 Wedgewood, J.: Incomplete rupture of the ascending aorta with secondary aneurysm. 427.
 Weissler, A. M. (and J. J. Leonard and J. J. Warren): Modification of ventricular gallop rhythm induced by pooling of blood in the extremities. 502.
 Wells, B. G.: Diagnosis of mitral incompetence from left atrial pressure curves. 321.
 —: Effect of valvotomy on the murmurs of pulmonary and aortic stenosis. 523.

- Willoughby, D. A. (and R. Moulton, and H. G. Spencer): Noradrenaline sensitivity in hypertension measured with a radioactive technique. 224.
- Wood, Paul: The vasoconstrictive factor in pulmonary hypertension. 357.
- Woolf, C. R. (and W. Paul, and R. W. Gunton): Diagnostic use of an ear oximeter in congenital heart disease. 311.

Z

- Zimmerman, Henry (and Jorge Martins de Oliveira, and Mohinder P. Sambhi): Electrocardiogram in pectus excavatum. 495.
- Zuska, J. J. (and F. B. Clare, and R. Gorlin): Evidence for pulmonary vasoconstriction in man. 346.

INDEX OF SUBJECTS

A

- Abstracts of Cardiology. 150, 294, and 436.
Aconitine-induced cardiac arrhythmia (G. French). 140.
Amyl nitrite in differentiating mitral and aortic systolic murmurs. The use of (J. Barlow and J. Shillingford). 162.
Anatomy of the mitral valve. The functional and clinical (J. C. Van der Spuy). 471.
Aneurysm. Incomplete rupture of the ascending aorta with secondary (J. Wedgewood). 427.
Ankylosing spondylitis. The aortic lesion of (B. M. Ansell, E. G. L. Bywaters, and I. Doniach). 507.
Anti-streptolysin O Titre in rheumatic carditis (E. N. Chamberlain, C. A. St. Hill, and S. Cope). 183.
Aorta with bacterial endarteritic vegetations. Double-barrelled (G. L. Robinson). 571.
Aortic lesion of ankylosing spondylitis (B. M. Ansell, E. G. L. Bywaters, and I. Doniach). 507.
Aortic regurgitation. Ventricular septal defect with pulmonary stenosis and (D. M. Collins, T. East, M. P. Godfrey, P. Harris, and S. Oram). 363.
Aortic stenosis. The effect of valvotomy on the murmurs of pulmonary and (B. G. Wells). 523.
Aortic stenosis. Electrocardiogram in (Zahira H. Abdin). 31.
Aortic systolic murmur developing with increasing age (D. L. Bruns and L. G. Van der Hauwaert). 370.
Aortic systolic murmurs. The use of amyl nitrite in differentiating mitral and (J. Barlow and J. Shillingford). 162.
Aortography. Coronary artery catheterization during thoracic (A. M. Johnson and W. D. Logan). 411.
Arrhythmia. Aconitine-induced cardiac (G. French). 140.
Asymetrical hypertrophy of the heart in young adults. (D. Teare). 1.
Atrial dissociation (Mario Gomes Marques). 335.
Atrial pressure curves. The diagnosis of mitral incompetence from left (B. G. Wells). 321.
Atrial septal defect. Cardiac syncope in (C. Papp). 9.
Atrial septal defect. Vectorcardiogram in (N. A. J. Hamer). 215.
Atrio-ventricular valve. Incompetent congenital bicuspid right (N. Coulshed). 433.
Auscultation in patent ductus arteriosus: with a description of two fistulae simulating patent ductus (Catherine Neill and P. Mounsey). 61.

B

- Blood in the extremities. Modification of ventricular gallop rhythm induced by pooling of (J. J. Leonard, A. M. Weissler, and J. V. Warren). 502.
British Cardiac Society. Proceedings of. 290 and 582.

C

- Cadaver. The Orientation of the heart and the appearance of its chambers in the adult (R. Walmsley). 441.
Calcification of the mitral region (E. Linko and E. Sysimetsa). 329.
Calf and foal. Patency of the ductus arteriosus in the newborn (E. C. Amoroso, G. S. Dawes, and Joan C. Mott). 92.
Cardiac infarction. Disappearance of pathological Q waves after (M. P. Pappas). 123.
Cardiac infarction and of heparin therapy on the lipoproteins. The effect of acute (E. M. M. Besterman). 21.
Cardiogram of anterior cardiac infarction. The influence of ventricular hypertrophy upon the (J. F. Goodwin). 191.
Catheterization during thoracic aortography. Coronary artery (A. M. Johnson and W. D. Logan). 411.
Cerebral blood flow in mitral stenosis and its response to carbon dioxide (H. A. Dewar and L. A. G. Davidson). 516.
Cine-angiocardiology with image intensification. Selective (H. Watson, C. Pickard, K. G. Lowe, and Ian Hill). 459.
Circulatory disorders. The role of venous constriction in (János P. Radó, Endre Gonda, and Erwin Kovács). 389.
Circulatory effects of changing position in mitral disease (D. Cardus, J. Mackinnon, and G. Wade). 233.
Clinical and radiological aspects of calcification of the mitral region (E. Linko and E. Sysimetsa). 329.
Coalworkers. The right ventricle and the small pulmonary arteries in (A. J. Thomas and W. R. L. James). 403.
Coarctation of the aorta. A surgical study of (R. Nicks). 351.
Collateral circulation after division of subclavian artery. Unilateral rib-notching from (Maurice Campbell). 253.
Congenital heart disease. The diagnostic use of an ear oximeter in (C. R. Woolf, W. Paul, and R. W. Gunton). 311.
Congenital heart disease. Evaluation of dye injection methods in (W. Falholt and J. Fabricius). 117.
Congenital heart disease. Pulmonary hypertension in (W. Evans and D. S. Short). 529.
Congenital heart disease. Symposium on. 261.
Coronary artery catheterization during thoracic aortography (A. M. Johnson and W. D. Logan). 411.
Coronary heart disease. Haemodynamic consequences of (Ottar Muller and Karl Rørvik). 302.
Coronary heart disease in the presence of pulmonary disease (A. J. Thomas). 83.
Correlation between various assessments of pulmonary arterial pressure in mitral stenosis (J. F. Boyd, S. D. Scott Park, and George Smith). 466.

D

- Diagnostic use of an ear oximeter in congenital heart disease (C. R. Woolf, W. Paul, and R. W. Gunton). 311.
 Digitalis and intractable heart failure (E. Fletcher and C. F. Brennan). 204.
 Diphtheritic myocarditis. Serum glutamic oxalacetic transaminase levels in (E. Chesler). 244.
 Direct left atrial pressure tracings and the degree of mitral obstruction (S. R. McCampbell). 341.
 Double-barrelled aorta with bacterial endarteritic vegetations (G. L. Robinson). 571.
 Ductus arteriosus in the newborn calf and foal. Patency of the (E. C. Amoroso, G. S. Dawes, and Joan C. Mott). 92.
 Dye injection methods in congenital heart disease. Evaluation of (W. Falholt and J. Fabricius). 117.
 Dyspnoea. Tracheal vascular ring causing. (N. Coulshed and E. Wyn Jones). 147.

E

- Electrocardiogram in aortic stenosis (Zahira H. Abdin). 31.
 Electrocardiogram in left ventricular hypertrophy. The orthogonal (E. J. Fischmann). 167.
 Electrocardiograms. Observer variation in reports on (L. G. Davies). 153.
 Electrocardiogram in pectus excavatum (Jorge Martins de Oliveira, Mohinder P. Sambhi, and Henry Zimmerman). 495.
 Electrocardiogram in progressive muscular dystrophy (G. W. Manning and G. J. Cropp). 416.
 Electrocardiogram in pulmonary embolism (R. H. Cutforth and S. Oram). 31.
 Electrocardiograms with short P-R interval and aberrant QRS complex (L. M. Sanghvi and S. M. Misra). 357.
 Electrocardiogram in syphilitic heart disease (G. Storey). 483.
 Electrocardiographic diagnosis of right ventricular hypertrophy in infancy and childhood (A. Hollman). 129.
 Emanuel, J. G. 579.
 Estimating mitral regurgitation by dye dilution curves. Simple method for (J. Shillingford). 229.

F

- Fibrinolysis in myocardial infarction (R. Hume). 15.
 Fœtal paroxysmal auricular tachycardia (C. W. Kesson). 552.

G

- Gallavardin, Louis. 299.

H

- Hæmodynamic consequences of coronary heart disease (O. Muller and K. Rørvik). 302.
 Heart: 1909-1958. 297.
 Heart and the appearance of its chambers in the adult cadaver. The orientation of the (R. Walmsley). 441.
 Heart failure. Digitalis and intractable (E. Fletcher and C. F. Brennan). 204.
 Heparin therapy on the lipoproteins. The effects of acute cardiac infarction and of (E. M. M. Besterman). 21.
 Hypertension measured with a radioactive sodium technique. Noradrenaline sensitivity in (R. Moulton, H. G. Spencer, and D. A. Willoughby). 224.
 Hypertension. Pulmonary function in pulmonary (M. B. McIlroy and G. H. Apthorp). 397.
 Hypertension. Thoracolumbar sympathectomy in (W. E. Parkes). 249.
 Hypertrophy upon the cardiogram of anterior cardiac infarction. The influence of ventricular (J. F. Goodwin). 191.
 Hypertrophy of the heart in young adults. Asymmetrical (D. Teare). 1.
 Hypertrophy in infancy and childhood. Electrocardiographic diagnosis of right ventricular (A. Hollman). 129.
 Hypertrophy. The orthogonal electrocardiogram in left ventricular (E. J. Fischmann). 167.
 Hypothermia. The spatial vectorcardiogram in (D. Emslie-Smith). 175.

I

- Incompetent congenital bicuspid right atrio-ventricular valve (N. Coulshed). 433.
 Influence of ventricular hypertrophy upon the cardiogram of anterior cardiac infarction (J. F. Goodwin). 191.

L

- Lipoproteins. The effect of acute cardiac infarction and of heparin therapy on the (E. M. M. Besterman). 31.
 Lung volume in mitral disease. Residual (R. Garbagni, P. G. Angelino, A. Brusca, and E. Minetto). 479.

M

- Marfan's syndrome. Supra-aortic stenosis associated with (A. F. Burry). 143.
 Mitral and aortic systolic murmurs. The use of amyl nitrite in differentiating (J. Barlow and J. Shillingford). 162.
 Mitral disease. Circulatory effects of changing position in (D. Cardus, J. Mackinnon, and G. Wade). 233.
 Mitral disease. Residual lung volume in (R. Garbagni, P. F. Angelino, A. Brusca, and E. Minetto). 479.
 Mitral incompetence from left atrial pressure curves. The diagnosis of (B. G. Wells). 321.
 Mitral obstruction. Direct left atrial pressure tracings and the degree of (S. R. McCampbell). 341.
 Mitral region. Clinical and radiological aspects of calcification of the (E. Linko and E. Sysimetsa). 329.
 Mitral regurgitation by dye dilution curves. Simple method for estimating (J. Shillingford). 229.
 Mitral stenosis. Correlation between various assessments of pulmonary arterial pressure in (J. F. Boyd, S. D. Scott Park, and George Smith). 466.

- Mitral stenosis. Patent ductus arteriosus with (J. Mackinnon and R. M. Briggs). 424.
 Mitral stenosis and its response to carbon dioxide. Cerebral blood flow in (H. A. Dewar and L. A. G. Davidson). 516.
 Mitral valve. The functional and clinical anatomy of the (J. Van der Spuy). 471.
 Mitral valve. Restenosis of the (J. R. Belcher). 76.
 Muscular dystrophy. The electrocardiogram in progressive (G. W. Manning and G. J. Cropp). 416.
 Myocardial infarction. Fibrinolysis in (R. Hume). 15.
 Myxoma of the left auricle with direct pressure tracings (J. R. H. Towers and C. P. Newcombe). 575.

N

- National Heart Hospital (1857-1957). 137.
 Natural history of ventricular septal defect. (L. Brotmacher and Maurice Campbell). 97.
 Noradrenaline sensitivity in hypertension measured with a radioactive sodium technique (R. Moulton, H. G. Spencer and D. A. Willoughby). 224.

O

- Orientation of the heart and the appearance of its chambers in the adult cadaver (R. Walmsley). 441.
 Orthogonal electrocardiogram in left ventricular hypertrophy (E. J. Fischmann). 167.
 Oximeter in congenital heart disease. Diagnostic use of an ear (C. R. Woolf, W. Paul, and R. W. Gunton). 311.

P

- Paroxysmal tachycardia. Fœtal (C. W. Kesson). 552.
 Patency of the ductus arteriosus in the newborn calf and foal (E. C. Amoroso, G. S. Dawes, and Joan C. Mott). 92.
 Patent ductus arteriosus: with a description of two fistulae simulating patent ductus. Auscultation in (Catherine Neill and Patrick Mounsey). 61.
 Patent ductus arteriosus with mitral stenosis (J. Mackinnon and R. M. Briggs). 424.
 Patent ductus arteriosus with ventricular septal defect (G. L. Higgins). 421.
 Pectus excavatum. Electrocardiogram in (Jorge Martins de Oliveira, Mohinder P. Sambhi, and Henry Zimmerman). 495.
 Pressure tracings and the degree of mitral obstruction. Direct left atrial (S. R. McCampbell). 341.
 P-R interval and aberrant QRS complex. Electrocardiograms with short (L. M. Sanghvi and S. N. Misra). 357.
 Proceedings of the British Cardiac Society. 290 and 582.
 Pulmonary and aortic stenosis. Effects of valvotomy on the murmurs of (B. G. Wells). 523.
 Pulmonary arteries in coalworkers. The right ventricle and the small (A. J. Thomas and W. R. L. James). 403.
 Pulmonary arterial pressure in mitral stenosis. Correlation between various assessments of (J. F. Boyd, S. D. Scott Park, and George Smith). 466.
 Pulmonary disease. Coronary heart disease in the presence of (A. J. Thomas). 83.
 Pulmonary embolism. Electrocardiogram in (R. H. Cutforth and S. Oram). 31.
 Pulmonary function in pulmonary hypertension (M. B. McIlroy and G. H. Apthorp). 397.
 Pulmonary hypertension in congenital heart disease (W. Evans and D. S. Short). 529.
 Pulmonary hypertension. Vasoconstrictive factor in (P. Wood). 557.
 Pulmonary stenosis and aortic regurgitation. Ventricular septal defect (D. M. Collins, T. East, M. P. Godfrey, P. Harris, and S. Oram). 363.
 Pulmonary stenosis. Ventricular septal defect with (L. Brotmacher and Maurice Campbell). 379.
 Pulmonary vasoconstriction in man. Evidence for (R. Gorling, F. B. Clare, and J. J. Zuska). 346.

Q

- QRS complex. Electrocardiograms with short P-R interval and aberrant (L. M. Sanghvi and S. N. Misra). 357
 Q waves after cardiac infarction. Disappearance of pathological (M. P. Pappas). 123.

R

- Radio-active sodium technique. Noradrenaline sensitivity in hypertension measured with a (R. Moulton, H. G. Spencer, and D. A. Willoughby). 224.
 Reports on electrocardiograms. Observer variation in (L. G. Davies). 123.
 Restenosis of the mitral valve (J. R. Belcher). 76.
 Rheumatic carditis. Anti-streptolysin O titre in rheumatic carditis (E. N. Chamberlain, C. A. St. Hill, and S. Cope). 183.
 Rupture of the ascending aorta with secondary aneurysm. Incomplete (J. Wedgewood). 427.

S

- Serum glutamic oxalacetic transaminase levels in diphtheritic myocarditis (E. Chesler). 244.
 Spatial vectorcardiogram in hypothermia (D. Emslie-Smith). 175.
 Subclavian artery. Unilateral rib-notching from the collateral circulation after division of the (Maurice Campbell). 253.
 Supra-aortic stenosis associated with Marfan's syndrome (A. F. Burry). 143.
 Surgical study of coarctation of the aorta (R. Nicks). 351.
 Sympathectomy in hypertension. Thoracolumbar (W. E. Parkes). 249.
 Symposium on congenital heart disease. 261.

- Syncope in atrial septal defect. Cardiac (C. Papp). 9.
Syphilitic heart disease. The electrocardiogram in (G. Storey). 483.
Systolic murmur developing with increasing age. The aortic (D. L. Bruns and L. G. Van der Hauwaert). 370.

T

- Tracheal vascular ring causing dyspnoea (N. Coulshed and E. Wyn Jones). 147.

U

- Unilateral rib-notching from the collateral circulation after division of the subclavian artery (Maurice Campbell) 253.

V

- Valvotomy on the murmurs of pulmonary and aortic stenosis. The effect of (B. G. Wells). 523.
Vasoconstriction in man. Evidence for pulmonary (R. Gorling, F. B. Clare, and J. J. Zuska). 346.
Vasoconstrictive factor in pulmonary hypertension (P. Wood). 357.
Vectorcardiogram in atrial septal defect (N. A. J. Hamer). 215.
Vectorcardiogram in hypothermia. The spatial (D. Emslie-Smith). 175.
Venous constriction in circulatory disorders. The role of (János P. Radó, Endre Gonda, and Erwin Kovács). 389.
Ventricle and the small pulmonary arteries in coalworkers. The right (A. J. Thomas and W. R. L. James). 403.
Ventricular gallop rhythm induced by pooling of blood in the extremities. Modification of (J. J. Leonard and J. V. Warren). 502.
Ventricular septal defect. The natural history of (L. Brotmacher and M. Campbell). 97.
Ventricular septal defect. Patent ductus arteriosus with (G. L. Higgins). 421.
Ventricular septal defect with pulmonary stenosis (L. Brotmacher and Maurice Campbell). 379.
Ventricular septal defect with pulmonary stenosis and aortic regurgitation (D. M. Collins, T. East, M. P. Godfrey, P. Harris, and S. Oram). 363.
