Editorial: Rougnon's letter to Lorry on the death of Captain Charles. A landmark in the history of angina pectoris <i>Evan Bedford</i>	277	Recurrence of thromboembolic disease after discontinuing anticoagulant therapy. A study of factors affecting incidence <i>Leon Michaels</i>	359
Genetics and congenital heart disease <i>Richard Emanuel</i>	281	Exercise haemodynamics of coarctation of the aorta. Acute effects of propranolol <i>Gordon R. Cumming and G. H. Mir</i>	365
Ventricular inversion without transposition of the great vessels in situs inversus <i>J. Espino-Vela, M. V. de la Cruz, L. Muñoz-Castellanos, L. Plaza, and F. Attie</i>	292	Maintenance of sinus rhythm after DC reversion of atrial fibrillation. A double-blind controlled trial of long-acting quinidine bisulphate <i>Edward Byrne-Quinn and A. J. Wing</i>	370
Congenital heart disease in Ceylon <i>N. J. Wallooppillai and M. de S. Jayasinghe</i>	304	Ventricular parasystole in acute myocardial infarction <i>J. Salazar and C. S. McKendrick</i>	377
Haemodynamic effects of glucagon <i>J. G. Murtagh, P. F. Binnion, S. Lal, K. J. Hutchison, and E. Fletcher</i>	307	Vectorcardiographic study of QRS loop in patients with left superior axis deviation and right bundle-branch block <i>H. Kulbertus, P. Collignon, and L. Humblet</i>	386
Prevalence of palpable wrist pulses <i>Sandor A. Friedman</i>	316	Comparison of haemodynamic effects of intravenous isoprenaline and adrenaline after aortic valvar homograft replacement <i>R. M. M. Fordham and Leon Resnekov</i>	393
Evaluation of contrast media used in man for coronary arteriography <i>D. C. Banks, E. B. Raftery, and S. Oram</i>	317	Assessment of proximal tubular sodium reabsorption during water diuresis in patients with heart disease <i>D. G. Gibson, J. C. Marshall, and Eunice Lockey</i>	399
Hypernatraemia—special problems with angiocardiology in total anomalous pulmonary venous drainage <i>Jane Somerville</i>	320	Abnormal distribution of pulmonary blood flow in aortic valve disease. Relation between pulmonary function and chest radiograph <i>Lucy S. Goodenday, G. Simon, Hazel Craig, and Lola Dalby</i>	406
Bretylum tosylate in prevention of cardiac dysrhythmias after myocardial infarction <i>S. H. Taylor, C. Saxton, P. S. Davies, and J. B. Stoker</i>	326	Case Reports	
Regional pulmonary function in patients with mitral stenosis in relation to haemodynamic data <i>P. Jebavý, I. Runczik, A. Oppelt, J. Tilsch, V. Staněk and J. Widimský</i>	330	Atrial septal defect and calcification of the tricuspid valve <i>J. D. Cooksey, B. M. Parker, and C. S. Weldon</i>	409
Major detachment of aortic prosthetic valves <i>George C. Sutton and John E. C. Wright</i>	337	Myocardial infarction in a neonate <i>Colin L. Berry</i>	412
Mitral valve movement: a study using an ultrasound technique <i>C. F. P. Wharton and L. Lopez Bescos</i>	344	Successful pregnancy in a patient with a homograft aortic valve <i>W. A. Littler</i>	416
Haemodynamic factors influencing opening snap interval in mitral stenosis <i>R. Ebringer, A. Pitt, and S. T. Anderson</i>	350	Correspondence	420
Haemodynamic studies on newly diagnosed diabetics before and after adequate insulin treatment <i>S. Carlström and T. Karlefors</i>	355		

British Medical Association
