

READING ROOM

# British Heart Journal

Editor K. Shirley Smith  
Assistant Editor Walter Somerville

Editorial: Exploring surgical treatment for myocardial infarction <i>B. B. Milstein</i>	421	generations of a family <i>Erik E. Simonsen and Edi G. Madsen</i>	501
Long-term prognosis after mitral annuloplasty for acquired mitral insufficiency. Clinical evaluation <i>P. Penther, J. P. Bourdarias, and J. Lenègre</i>	427	Hereditary prolongation of QT interval. Study of two families <i>G. E. Gale, C. K. Bosman, R. B. K. Tucker, and J. B. Barlow</i>	505
Premature valve closure in patients with a mitral Starr-Edwards prosthesis and aortic incompetence <i>T. M. Agnew and R. Carlisle</i>	436	Value of serial P wave changes in indicating left heart failure in myocardial infarction <i>Juhani Heikkilä and Kimmo Luomanmäki</i>	510
The rsR' pattern in left surface leads in ventricular aneurysm <i>Nabil El-Sherif</i>	440	Acute massive pulmonary embolism. Clinical and haemodynamic findings in 23 patients studied by cardiac catheterization and pulmonary arteriography <i>G. A. H. Miller and G. C. Sutton</i>	518
Arcus senilis; its relation to certain attributes and risk factors in patients with coronary heart disease <i>N. Hickey, B. Maurer, and R. Mulcahy</i>	449	'Primary' pulmonary hypertension, eosinophilia, and filariasis in Ceylon <i>Ivor Obeyesekere and Neil de Soysa</i>	524
Use of propranolol in atrial flutter <i>D. A. L. Watt, W. R. Livingstone, R. K. S. MacKay, and E. N. Obineche</i>	453	Natural history of ventricular septal defect with right-sided aortic arch. <i>P. J. Varghese, J. R. Allen, G. C. Rosenquist, and R. D. Rowe</i>	537
Sinus bradycardia treated by long-term atrial pacing <i>M. Clarke, D. W. Evans, and B. B. Milstein</i>	458	Q-I/IIA-OS formula for predicting left atrial pressure in mitral stenosis <i>O. Yiğitbaşı, İ. Nalbantgil, A. Birand, and A. Terek</i>	547
Long-term follow-up of direct current cardioversion after cardiac surgery with special reference to quinidine <i>J. F. Gunning, A. Kristinsson, G. Miller, and K. Saunders</i>	462	Proceedings of the British Cardiac Society	551
The surdo-cardiac syndrome and therapeutic observations <i>P. M. Olley and R. S. Fowler</i>	467	Obituary: Evan Jones	559
Arrhythmias in children with pulmonary stenosis <i>P. B. Deverall, N. K. Roberts, and J. Stark</i>	472	Case reports	
Correlation between radiological chest findings and systematic haemodynamics in human arterial hypertension <i>R. Sannerstedt, S. Paulin, and E. Varnauskas</i>	477	Self-inflicted ventricular septal defect <i>D. G. Leaver, R. N. Sharma, and J. S. Glennie</i>	561
Congenital absence of the pulmonary valve <i>Fergus J. Macartney and Graham A. H. Miller</i>	483	Reciprocal rhythm of ventricular origin during atrial fibrillation with complete AV block <i>L. Schamroth</i>	564
Cardiomyopathy in the Southwest American Indian <i>M. Brandfonbrener, W. S. Lovekin, and J. K. Leach</i>	491	Apparent recurrence of Q fever endocarditis following homograft replacement of aortic valve <i>H. D. Tunstall Pedoe</i>	568
Occurrence of a left ventricular third heart sound in incompetent mitral heterografts <i>Mamdouh El Gamal and Donald R. Smith</i>	497	Pulmonary arteriovenous fistula with bilharzial pulmonary hypertension <i>B. T. le Roux, B. H. Gibb, and J. Wainwright</i>	571
Four cases of right-sided bundle-branch block and one case of atrioventricular block in three		Wilms' tumour propagated through the inferior vena cava into the right heart cavities <i>G. Anselmi, J. A. Suárez, I. Machado, F. Moleiro, and P. Blanco</i>	575
