A monthly journal of cardiology

Editorial: Retirement of K. Shirley Smith as Editor <i>Walter Somerville</i>	
Haemodynamic effect of deslanoside at rest and during exercise in patients with chronic bronchitis <i>V. Jezek and F. Schrijen</i>	
Pulmonary atresia with intact ventricular septum and critical pulmonary stenosis presenting in first month of life. Investigation and surgical results <i>G. A. H. Miller, M. Restifo, E. A. Shinebourne, M. Paneth, M. C. Joseph, S. C. Lennox, and I. H. Kerr</i>	
In search of causes of ischaemic heart disease <i>S. L. Malhotra</i>	
Atrial function after cardioversion for atrial fibrillation <i>J. Mahlich, W. Schweizer, and F. Burkart</i>	24
Haemodynamic characteristics of systemic arterial blood supply to the lungs <i>F. Macartney, P. Deverall, and Olive Scott</i>	28
Two cases of endocardial fibroelastosis—possible X-linked determination <i>R. H. Lindenbaum, P. S. Andrews, and A. S. S. I. Khan</i>	38
Natural history of valvular aortic stenosis <i>S. Frank, A. Johnson, and J. Ross, Jr.</i>	41
<i>Pseudomonas cepacia</i> endocarditis treated with co-trimoxazole and kanamycin <i>D. C. E. Speller</i>	47
Prognosis of pericarditis after acute myocardial infarction <i>A. P. Niarchos and C. S. McKendrick</i>	49
Role of the sympathetic nervous system in supporting cardiac function in essential arterial hypertension <i>M. Guazzi, F. Magrini, C. Fiorentini, and A. Polese</i>	55
Exaggerated displacement of the atrioventricular canal towards the bulbus cordis (rightward displacement of the mitral valve) <i>M. Quero Jiménez, V. M. Pérez Martínez, M. J. Maitre Azcárate, G. Merino Batres, and F. Moreno Granados</i>	65
Echocardiographic studies of genesis of mitral diastolic murmurs <i>Nicholas J. Fortuin and Ernest Craige</i>	75
Left ventricular hemiblock patterns in ventricular pre-excitation <i>K. G. Lowe, D. Emslie-Smith, C. Ward, and H. Watson</i>	82
Folic acid deficiency in infants and children with heart disease <i>G. D. Rook, R. Lopez, N. Shimizu, and J. M. Cooperman</i>	87
Haemodynamics of exercise in children with isolated aortic valvular disease <i>Luis Cueto and James H. Moller</i>	93
Cardiomyopathy in Noonan's syndrome. Report of 3 cases <i>C. Phornphutkul, A. Rosenthal, and A. S. Nadas</i>	99
Mitral valve disease and open heart surgery in osteogenesis imperfecta tarda <i>S. J. Wood, J. Thomas, and M. V. Braimbridge</i>	103
Case reports	
Mycotic aneurysms of coronary arteries <i>B. R. M. Crook, E. B. Raftery, and S. Oram</i>	107
Heart block with infected cardiac rheumatoid granulomas <i>P. J. Gallagher and G. A. Gresham</i>	110
British Medical Association
