TECHNICAL EDITOR Rita Carne

Notice to Contributors

The *British Heart Journal* will publish papers relating to the heart and circulation. Manuscripts should be sent to the Editor, *British Heart Journal*, B.M.A. House, Tavistock Square, London WC1H 9JR. Submission of a manuscript will be held to imply that the work is original, that it has not been published elsewhere, and that if accepted it will not be published elsewhere, in whole or in part without the Editor's permission.

Papers The manuscript should be typed on one side of the sheet only, in double spacing, with margins of at least 1½ inches. Papers should be concisely written, and should contain an informative summary, embodying the methods, results, and conclusions. Titles of papers should be as brief as possible, and should be typed on a separate sheet of paper, together with authors' names, address of the department where the work was done, and a short title for the running heads. The same sheet of paper should list: (i) authors' present addresses if different from departments in which the work was done, and (ii) name and address of the author to whom correspondence and proofs should be sent.

Case Reports These are intended only to convey the brief facts, and discussion and bibliography should be kept to a minimum. These papers should not exceed 1500 words and should contain no more than 2 Figures.

Tables These should be typed on separate sheets and not in the text. They should be numbered with Arabic numerals and should have a title. Authors must ensure that the column headings are clear without having to resort to lengthy explanatory footnotes.

Illustrations These should be identified on the back with Figure number in Arabic numerals, title of paper, and name of author. The legends should be typed on a separate sheet of paper. The Figures should be on glossy paper and unmounted unless several are grouped together in a composite Figure, as in montage. Any lettering to be inserted should be indicated lightly in pencil on a transparent overlay. *Diagrams, charts, and line drawings* should be drawn in India ink. *Electrocardiograms, etc.* Only black and white electrocardiograms make satisfactory blocks, and if the originals are sent they should be protected by a covering of transparent paper. If several electrocardiograms are grouped in a single Figure, only a few complexes should be shown, and the width should not exceed 5½ inches unless a reduction in scale is feasible.

References In the text these should follow the Harvard System, i.e. name followed by date: Sutton (1966). Up to three names should be cited in full at first mention: Sutton, Harris, and Leatham (1968), thereafter they should be cited as Sutton *et al.* (1968); more than 3 authors should always be cited with the first author followed by *et al.* The list of references should be typed alphabetically on a separate sheet, and should appear as follows: Sutton, G., Harris, A., and Leatham, A. (1968). Second heart sound in pulmonary hypertension. *British Heart Journal*, 30, 743. Books should be cited as follows: Hudson, R. E. B. (1965). *Cardiovascular Pathology*. Edward Arnold, London.

Proofs and Reprints A proof, which will be sent to the author named on the covering title page, should be read carefully, corrected, and returned within 7 days of receipt. Corrections other than printer's errors may be charged to the author. Fifty reprints of each paper are supplied free; additional reprints can be ordered at the time of returning the proof.

Notice to subscribers

From 1 January 1973 the annual subscription rate will be £12.00 in the United Kingdom and the Republic of Ireland, and £13.00 (U.S.A. \$31.25) by surface mail in all countries overseas. Payment for overseas subscriptions should be made in sterling, i.e. £13.00 and sent by Mail Transfer—Charges Remitter—through a Bank to the British Medical Association. The combined rate to *British Heart Journal* and *Cardiovascular Research* (published in six issues in 1973) is £18.00, and £19.75 (U.S.A. \$47.50) in all countries overseas. Orders can also be placed locally with any leading subscription agent or bookseller. (For the convenience of readers in the U.S.A. subscription orders, with or without payment, can also be sent to: BRITISH MEDICAL JOURNAL, 1172 Commonwealth Avenue, Boston, Mass., 02134. All inquiries, however, must be addressed to the Publisher in London.) All inquiries regarding Air Mail rates and single copies already published should be addressed to the Publisher in London.
