

*A monthly journal of cardiology  
published in association with  
the British Cardiac Society*

# British Heart Journal

- |  |      |  |      |
|--|------|--|------|
| Haemodynamic and anatomical characteristics of pulmonary blood supply in pulmonary atresia with ventricular septal defect – including a case of persistent fifth aortic arch <i>F. J. Macartney, Olive Scott, and P. B. Deverall</i> | 1049 | Use of Björk-Shiley tilting disc prosthesis in valved conduits for right ventricular outflow reconstruction <i>T. B. Cartmill, J. M. Celermajer, D. S. Stuckey, J. D. Bowdler, D. C. Johnson, and R. E. Hawker</i>   | 1106 |
| Contributions of intramyocardial sinusoids in pulmonary atresia and intact ventricular septum to a right-sided circular shunt <i>R. M. Freedom and D. P. Harrington</i>  | 1061 | Apex cardiogram and systolic time intervals in acute myocardial infarction and effects of practolol <i>F. Waagstein, A. C. Hjalmarson, and H. S. Wasir</i>   | 1109 |
| Relation between diastolic left ventricular wall stress and strain in man <i>D. G. Gibson and D. J. Brown</i>  | 1066 | Experience with systemic heparinization during cardiac catheterization by brachial arteriotomy <i>H. C. Miller and G. A. H. Miller</i>   | 1122 |
| Effect of tolamolol versus propranolol on cardiovascular haemodynamics in patients with angina <i>W. S. Aronow, H. March, J. S. Vangrow, J. Cassidy, J. C. Kern, M. Khemka, M. Vawter, and J. Pagano</i>                             | 1078 | Effect of exogenous changes in heart rate upon mental performance in patients treated with artificial pacemakers for complete heart block <i>Krister Lagergren</i>   | 1126 |
| Effect of $\beta$ -adrenergic blockade on beat-to-beat response to Valsalva manoeuvre <i>D. H. Spodick, M. B. Meyer, and Veronica M. Quarry-Pigott</i>   | 1082 | Management of infected transvenous permanent pacemakers <i>B. M. Kennelly and L. W. Piller</i>   | 1133 |
| Central haemodynamics during spontaneous angina pectoris <i>Harry Lecerof</i>  | 1087 | Case reports<br>Haematemesis from a coronary artery caused by penetration of a gastric ulcer in a hiatus hernia <i>H. R. Matthews</i>  | 1141 |
| Anterior and inferior myocardial infarction. Comparison with regard to some diseases and background factors <i>Victor Lindén</i>   | 1092 | Anomalous origin of single coronary artery with multiple heart malformations <i>S. Zachariah and R. Reif</i>   | 1144 |
| Mechanism of diastolic rumble and presystolic murmur in mitral stenosis <i>P. Toutouzas, A. Koidakis, A. Velimezis, and D. Avgoustakis</i>   | 1096 | Aortopulmonary fenestration and aortic atresia. Report of an infant with ventricular septal defect, persistent ductus arteriosus, and interrupted aortic arch <i>G. C. Rosenquist, J. F. N. Taylor, and J. Stark</i> | 1146 |
