| | | | |
|--|------|--|------|
| Editorial: Electrical energy requirements for ventricular defibrillation <i>A. A. J. Adgey</i> | 1197 | Muscle ridge between atrioventricular valves and malalignment of junction of these valves with ventricular septum <i>Anne Devloo-Blancquaert and Donald G. Ritter</i> | 1267 |
| Results of aortocoronary bypass operations. Follow-up in 343 patients <i>R. M. Donaldson, M. Honey, M. F. Sturridge, J. E. C. Wright, and R. Balcon</i> | 1200 | Ebstein's anomaly in persistent common atrioventricular canal <i>G. Caruso, T. G. Losekoot, and A. E. Becker</i> | 1275 |
| Haemodynamics during maximal exercise after coronary bypass surgery <i>P. W. Serruys, M. F. Rousseau, J. Cosyns, R. Ponlot, L. A. Brasseur, and J.-M. R. Detry</i> | 1205 | Surgical treatment of persistent truncus arteriosus in the first year of life <i>J. Stark, D. Gandhi, M. de Leval, F. Macartney, and J. F. N. Taylor</i> | 1280 |
| Plasma noradrenaline concentrations during isometric exercise <i>R. J. Vecht, G. W. S. Graham, and P. S. Sever</i> | 1216 | Noninvasive cardiovascular findings in familial amyloid polyneuropathy <i>T. Sawayama, T. Kurihara, and S. Araki</i> | 1288 |
| Coronary and myocardial metabolic effects of combined glyceryl trinitrate and propranolol administration. Observations in patients with and without coronary disease <i>Steven J. Schang, Jr. and Carl J. Pepine</i> | 1221 | Association of secundum atrial septal defect and atrioventricular nodal dysfunction. A genetically transmitted syndrome <i>B. J. Maron, J. S. Borer, S. H. Lau, A. N. Damato, L. P. Scott, and S. E. Epstein</i> | 1293 |
| Influence of glyceryl trinitrate during supine and upright exercise in patients with angina pectoris <i>U. Thadani and John O. Parker</i> | 1229 | Nail haemorrhages <i>Donald Heath and David Reid Williams</i> | 1300 |
| Excretion of myoglobin in urine after cardiac catheterisation <i>T. G. Donald, M. J. Cloonan, and D. E. L. Wilcken</i> | 1237 | Incidence of thyroid disease in cases of hypertrophic cardiomyopathy <i>R. Bell, P. V. Barber, C. L. Bray, and D. C. Beton</i> | 1306 |
| Incidence of ventricular arrhythmias in first year after myocardial infarction <i>J. Federman, J. A. Whitford, S. T. Anderson, and A. Pitt</i> | 1243 | Severe pulmonary hypertension in advanced aortic valve disease <i>B. Basu, G. Cherian, S. Krishnaswami, I. P. Sukumar, and S. John</i> | 1310 |
| Immunological determination of serum m-AST activity in patients with acute myocardial infarction <i>M. Inoue, M. Hori, Y. Nishimoto, S. Fukui, H. Abe, H. Wada, and T. Minamino</i> | 1251 | Case reports | |
| Determination of right ventricular wall thickness in systole and diastole. Echocardiographic and necropsy correlation in 32 patients <i>Ravi Prakash</i> | 1257 | Familial sinus node dysfunction with autosomal dominant inheritance <i>H. Lehmann and U. E. Klein</i> | 1314 |
| Noninvasive assessment of left ventricular function in myotonic muscular dystrophy <i>A. Venco, M. Saviotti, D. Besana, G. Finardi, and G. Lanzi</i> | 1262 | Wolff-Parkinson-White syndrome (type A) complicated by heart block in both normal and accessory pathways <i>A. F. Mackintosh, D. A. Chamberlain, and P. V. L. Curry</i> | 1317 |
| | | Echocardiographic sign of right-sided hypertrophic obstructive cardiomyopathy <i>E. Asin Cardiel, M. Alonso, J. L. Delcan, and L. Menarguez</i> | 1321 |
