

# British Heart Journal

Monthly journal of cardiology  
 published in association with  
 the British Cardiac Society

<p>Prophylaxis: Theory and practice in prevention of                      arterial thrombosis <i>J R A Mitchell</i></p>	417	<p>Persistence of ductus arteriosus with left to right                      shunt in the older patient <i>R M Marquis,                      H C Miller, R J M McCormack, M B Matthews,                      A H Kitchin</i></p>	469
<p>Left ventricular outflow tract obstruction                      associated with ventricular septal                      defect <i>D F Shore, J Smallhorn, J Stark,                      J M Lincoln, M R de Leval</i></p>	421	<p>Tricuspid atresia: analysis of coronary artery                      distribution and ventricular morphology  <i>J E Deanfield, G Tommasini, R H Anderson,                      F J Macartney</i></p>	485
<p>Two dimensional echocardiographic                      assessment of aortic valve morphology:                      the reliability of bicuspid valve detection.                      A prospective study of 100 adult                      patients <i>M J Zema, M Caccavano</i></p>	428	<p>Effect of nicotine on production of prostacyclin                      in human umbilical artery <i>I Stoel,                      W J v d Giessen, E Zwolsman, F W A Verheugt,                      F ten Hoor, F J A Quadt, P G Hugenholtz</i></p>	493
<p>Echocardiographic features of eosinophilic                      endomyocardial disease <i>J Davies,                      G Gibson, R Foale, K Heer, C J F Spry,                      M Oakley, J F Goodwin</i></p>	434	<p>Removal of embolised catheters using flexible                      endoscopy forceps <i>T R D Shaw</i></p>	497
<p>Phase analysis of the first pass radionuclide                      angiogram <i>S Walton, P J Ell,                      P H Jarritt, R H Swanton</i></p>	441	<p>Case reports                      Herpes-like virus particles in myocardium of                      patient progressing to congestive                      cardiomyopathy <i>P J Lowry, C W Edwards,                      R E Nagle</i></p>	501
<p>Localisation and direction of mitral regurgitant                      flow in mitral orifice studied with combined use                      of ultrasonic pulsed Doppler technique and two                      dimensional echocardiography <i>K Miyatake,                      Y Nimura, H Sakakibara, N Kinoshita,                      M Okamoto, S Nagata, K Kawazoe, T Fujita</i></p>	449	<p>Measurement of pulmonary artery pressure                      in cyanotic heart disease using selective                      coronary artery cannulation techniques  <i>James C Dillon</i></p>	504
<p>Alternating atrial electromechanical                      dissociation as contributing factor for pulsus                      alternans <i>F W A Verheugt, H Scheck,                      R S Meltzer, J Roelandt</i></p>	459	<p>Calcified unruptured aneurysm of sinus of                      Valsalva with complete heart block and aortic                      regurgitation. Successful repair in one                      case <i>D Metras, A O Coulibaly, K Ouattara</i></p>	507
<p>Left and right ventricular trabecular patterns.                      Consequence of ventricular septation and valve                      development <i>A C G Wenink,                      A C Gittenberger-de Groot</i></p>	462	<p>Right atrial myxoma and pulmonary                      embolism. Rational basis for investigation                      and treatment <i>D J M Keenan, P Morton,                      H O O'Kane</i></p>	510
