

## INDEX OF AUTHORS

### A

- Aidaros, S. M. (and D. Evan Bedford and B. Girgis): Bilharzial heart disease in Egypt. 87.  
Anrep, G. V. (and G. S. Barsoum, M. R. Kenawy, and G. Misrahy): *Ammi visnaga* in the treatment of the anginal syndrome. 171.  
Ashworth, H. (and A. Morgan Jones): Aneurysmal dilatation of the left auricle with erosion of the spine. 207.

### B

- Barrett, A. M. (and Leslie Cole): Pulmonary vascular sclerosis with right ventricular failure. 76.  
Barsoum, G. S. (and G. V. Anrep, M. R. Kenawy, and G. Misrahy): *Ammi visnaga* in the treatment of the anginal syndrome. 171.  
Bedford, D. Evan (and S. M. Aidaros and B. Girgis): Bilharzial heart disease in Egypt. 87.  
Berliner, Kurt: Auricular premature systoles: the duration of the electrical systole. 69.  
Biörck, Gunnar: Hypoxæmia tests in coronary disease. 17.  
Bourne, Geoffrey (and P. J. W. Mills): Dissecting aneurysm with cardiograms suggestive of cardiac infarction. 181.  
Braun, K.: Paravertebral block and the electrocardiogram in angina pectoris. 47.  
Brigden, Wallace (and Terence East): Postural hypotension. 103.  
Burger, H. C. (and J. B. Van Milaan): Heart-vector and leads. 157.  
Burwell, C. Sidney (and Richard H. Lyons): Induced changes in the circulation in constrictive pericarditis. 33.

### C

- Campbell, Maurice: Dissecting aneurysm with survival after rupture into the pleura. 200.  
Cassidy, Maurice (and John Pinniger): Healed dissecting aneurysm. 130.  
Cole, Leslie (and A. M. Barrett): Pulmonary vascular sclerosis with right ventricular failure. 76.

### D

- Daley, Raymond (and H. G. Miller): Angina pectoris with associated left paroxysmal ptosis. 29.  
Decherd, George M. (and Arthur Ruskin): The mechanism of the Wenckebach type of A-V block. 6.  
Drury, A. N. (and R. T. Grant and John Parkinson): Thomas Lewis (obituary). 1.  
Duthie, R. J.: Mechanism of the Wolff-Parkinson-White syndrome. 96.

### E

- East, Terence (and Wallace Brigden): Postural hypotension. 103.  
Ellis, Laurence B.: Electrocardiographic abnormalities in severe malnutrition. 53.  
Evans, William: The heart in sternal depression. 162.

### G

- Gardner, Frances (and Jenner Hoskin): Silent dissection of the aorta. 141.  
Girgis, B. (and D. Evan Bedford and S. M. Aidaros): Bilharzial heart disease in Egypt. 87.  
Grant, R. T. (and A. N. Drury and John Parkinson): Thomas Lewis (obituary). 1.  
Grossman, Nathan (and Lean Wallace): Præcordial electrocardiograms: a comparison of CF and V lead connections. 83.  
Gutmann, David (and Robert Schnitzer): Myxœdema with pericardial effusion. 25.

### H

- Hartley, Ronald (and John Parkinson): Early diagnosis of rheumatic valvular disease in recruits. 212.  
Herson, R. N. (and M. Symons): Ruptured congenital aneurysm of the posterior sinus of Valsalva. 125.  
Hill, Athelstane: The genesis of the normal electrocardiogram. 147.  
Hoskin, Jenner (and Frances Gardner): Silent dissection of the aorta. 141.

### J

- Jones, A. Morgan (and H. Ashworth): Aneurysmal dilatation of the left auricle with erosion of the spine. 207.  
— (and F. A. Langley): Chronic dissecting aneurysms. 191.

### K

- Kenawy, M. R. (and G. V. Anrep, G. S. Barsoum, and G. Misrahy): *Ammi visnaga* in the treatment of the anginal syndrome. 171.

## L

- Langendorf, R. (and S. S. Mintz): Premature systoles originating in the S-A node. 178.  
Langley, F. A. (and A. Morgan Jones): Chronic dissecting aneurysms. 191.  
Lyons, Richard H. (and C. Sidney Burwell): Induced changes in the circulation in constrictive pericarditis. 33.

## M

- Miller, H. G. (and Raymond Daley): Angina pectoris with associated left paroxysmal ptosis. 29.  
Mills, P. J. W. (and Geoffrey Bourne): Dissecting aneurysm with cardiograms suggestive of cardiac infarction. 181.  
Mintz, S. S. (and R. Langendorf): Premature systoles originating in the S-A node. 178.  
Misrahy, G. (and G. V. Anrep, G. S. Barsoum, and M. R. Kenawy): *Ammi visnaga* in the treatment of the anginal syndrome. 171.  
Moir, Raymond A. (and K. Shirley Smith): Cardiovascular diseases in the British Army overseas. 110.

## N

- Nissim, J. A.: Dissecting aneurysm of the aorta: a new sign. 203.

## P

- Parkinson, John (and A. N. Drury and R. T. Grant): Thomas Lewis (obituary). 1.  
— (and Ronald Hartley): Early diagnosis of rheumatic valvular disease in recruits. 212.  
Pinniger, John (and Maurice Cassidy): Healed dissecting aneurysm. 130.

## R

- Ruskin, Arthur (and George M. Decherd): The mechanism of the Wenckebach type of A-V block. 6.

## S

- Schnitzer, Robert (and David Gutmann): Myxœdema with pericardial effusion. 25.  
Smith, K. Shirley (and Raymond A. Moir): Cardiovascular diseases in the British Army overseas. 110.  
Stokes, Wilfred: The effect of nitrite and exercise on the inverted T wave. 62.  
Symons, M. (and R. N. Herson): Ruptured congenital aneurysm of the posterior sinus of Valsava. 125.  
Szekely, P.: The action of magnesium on the heart. 115.

## V

- Van Milaan, J. B. (and H. C. Burger): Heart-vector and leads. 157.

## W

- Wallace, Lean (and Nathan Grossman): Præcordial electrocardiograms: a comparison of CF and V lead connections. 83.

## INDEX OF SUBJECTS

### A

- Abnormalities, electrocardiographic, in severe malnutrition (L. B. Ellis). 53.  
Action of magnesium on the heart (P. Szekely). 115.  
*Ammi visnaga* in the treatment of the anginal syndrome (G. V. Anrep, G. S. Barsoum, M. R. Kenawy, and G. Misrahy). 171.  
Aneurysmal dilatation of the left auricle with erosion of the spine (H. Ashworth and A. Morgan Jones). 207.  
Aneurysm, dissecting (see dissecting aneurysm).  
Aneurysm, ruptured congenital, of the posterior sinus of Valsalva (R. N. Herson and M. Symons). 125.  
Anginal syndrome, *ammī visnaga* in the treatment of the (G. V. Anrep, G. S. Barsoum, M. R. Kenawy, and G. Misrahy). 171.  
Angina pectoris with associated left paroxysmal ptosis (H. G. Miller and R. Daley). 29.  
Angina pectoris, paravertebral block and the electrocardiogram in (K. Braun). 47.  
Aorta, dissecting aneurysm of the: a new sign (J. A. Nissim). 203.  
Aorta, silent dissection of (J. Hoskin and F. Gardner). 141.  
Army, cardiovascular diseases in the British, overseas (R. A. Moir and K. Shirley Smith). 110.  
Auricle, aneurysmal dilatation of the left, with erosion of the spine (H. Ashworth and A. Morgan Jones). 207.  
Auricular premature systoles: the duration of the electrical systole (K. Berliner). 69.  
A-V block, mechanism of the Wenckebach type of (G. M. Decherd and A. Ruskin). 6.

### B

- Bilharzial heart disease in Egypt: cor pulmonale due to bilharzial pulmonary endarteritis (D. Evan Bedford, S. M. Aidaros, and B. Girgis). 87.  
Block, paravertebral, and the electrocardiogram in angina pectoris (K. Braun). 47.  
British Army overseas, cardiovascular diseases in the (R. A. Moir and K. Shirley Smith). 110.  
British Cardiac Society, proceedings of, 233.

### C

- Cardiac infarction, dissecting aneurysm with cardiograms suggestive of (G. Bourne and P. J. W. Mills). 181.  
Cardiac Society, proceedings of, 233.  
Cardiograms suggestive of cardiac infarction, dissecting aneurysm with (G. Bourne and P. J. W. Mills). 181.  
Cardiovascular diseases in the British Army overseas (R. A. Moir and K. Shirley Smith). 110.  
CF and V lead connections, a comparison of (L. Wallace and N. Grossman). 83.  
Chronic dissecting aneurysms (A. Morgan Jones and F. A. Langley). 191.  
Circulation in constrictive pericarditis, induced changes in (R. H. Lyons and C. S. Burwell). 33.  
Congenital aneurysm, ruptured, of the posterior sinus of Valsalva (R. N. Herson and M. Symons). 125.  
Constrictive pericarditis, induced changes in circulation in (R. H. Lyons and C. S. Burwell). 33.  
Coronary disease, hypoxæmia tests in (G. Björck). 17.  
Cor pulmonale due to bilharzial pulmonary endarteritis (D. Evan Bedford, S. M. Aidaros, and B. Girgis). 87.

### D

- Depression, the heart in sternal (W. Evans). 162.  
Diagnosis, early, of rheumatic valvular disease in recruits (J. Parkinson and R. Hartley). 212  
Dilatation, aneurysmal, of the left auricle with erosion of the spine (H. Ashworth and A. Morgan Jones). 207.  
Dissecting aneurysm of the aorta: a new sign (J. A. Nissim). 203.  
Dissecting aneurysm with cardiograms suggestive of cardiac infarction (G. Bourne and P. J. W. Mills). 181.  
Dissecting aneurysm, healed (M. Cassidy and J. Pinniger). 130.  
Dissecting aneurysm with survival after rupture into the pleura (M. Campbell). 200.  
Dissecting aneurysms, chronic (A. Morgan Jones and F. A. Langley). 191.  
Dissection of the aorta, silent (J. Hoskin and F. Gardner). 141.

### E

- Early diagnosis of rheumatic valvular disease in recruits (J. Parkinson and R. Hartley). 212.  
Effect of nitrite and exercise on the inverted T wave (W. Stokes). 62.  
Egypt, Bilharzial heart disease in: cor pulmonale due to bilharzial pulmonary endarteritis (D. Evan Bedford, S. M. Aidaros, and B. Girgis). 87.  
Electrical systole, duration of (K. Berliner). 69.  
Electrocardiogram, the genesis of the normal (A. Hill). 147.  
Electrocardiogram, paravertebral block and the, in angina pectoris (K. Braun). 47.  
Electrocardiograms, præcordial: a comparison of CF and V lead connections (L. Wallace and N. Grossman). 83.  
Electrocardiographic abnormalities in severe malnutrition (L. B. Ellis). 53.  
Endarteritis, cor pulmonale due to bilharzial pulmonary (D. Evan Bedford, S. M. Aidaros, and B. Girgis). 87.  
Erosion of the spine, aneurysmal dilatation of the left auricle with (H. Ashworth and A. Morgan Jones). 207.  
Exercise, effect of nitrite and, on the inverted T wave (W. Stokes). 62.

### G

- Genesis of the normal electrocardiogram (A. Hill). 147.  
241

## H

- Healed dissecting aneurysm (M. Cassidy and J. Pinniger). 130.  
 Heart, action of magnesium on the (P. Szekely). 115.  
 Heart block, A-V, mechanism of the Wenckebach type of (G. M. Decherd and A. Ruskin). 6.  
 Heart disease, bilharzial, in Egypt: cor pulmonale due to bilharzial pulmonary endarteritis (D. Evan Bedford, S. M. Aidaros, and B. Girgis). 87.  
 Heart in sternal depression (W. Evans). 162.  
 Heart-vector and leads (H. C. Burger and J. B. Van Milaan). 157.  
 Hypotension, postural (T. East and W. Brigden). 103.  
 Hypoxæmia tests in coronary disease (G. Biörck). 17.

## I

- Induced changes in the circulation in constrictive pericarditis (R. H. Lyons and C. S. Burwell). 33.  
 Infarction, dissecting aneurysm with cardiograms suggestive of cardiac (G. Bourne and P. J. W. Mills). 181.  
 Inverted T wave, effect of nitrite and exercise on the (W. Stokes). 62.

## L

- Lead connections, a comparison of CF and V (L. Wallace and N. Grossman). 83.  
 Leads, heart-vector and (H. C. Burger and J. B. Van Milaan). 157.  
 Lewis, Thomas (obituary) (A. N. Drury, R. T. Grant, and J. Parkinson). 1.

## M

- Magnesium, action of, on the heart (P. Szekely). 115.  
 Malnutrition, electrocardiographic abnormalities in severe (L. B. Ellis). 53.  
 Mechanism of the Wenckebach type of A-V block (G. H. Decherd and A. Ruskin). 6.  
 Mechanism of the Wolff-Parkinson-White syndrome (R. J. Duthie). 96.  
 Myxœdema with pericardial effusion (R. Schnitzer and D. Gutmann). 25.

## N

- Nitrite and exercise, effect of on the inverted T wave (W. Stokes). 62.  
 Normal electrocardiogram, genesis of the (A. Hill). 147.

## O

- Overseas, cardiovascular diseases in the British Army (R. A. Moir and K. Shirley Smith). 110.

## P

- Paravertebral block and the electrocardiogram in angina pectoris (K. Braun). 47.  
 Paroxysmal ptosis, angina pectoris with associated (H. G. Miller and R. Daley). 29.  
 Pericardial effusion, myxœdema with (R. Schnitzer and D. Gutmann). 25.  
 Pericarditis, induced changes in the circulation in constrictive (R. H. Lyons and C. S. Burwell). 33.  
 Pleura, dissecting aneurysm with survival after rupture into the (M. Campbell). 200.  
 Postural hypotension (T. East and W. Brigden). 103.  
 Præcordial electrocardiograms: comparison of CF and V lead connections (L. Wallace and N. Grossman). 83.  
 Premature systoles, auricular: the duration of the electrical systole (K. Berliner). 69.  
 Premature systoles originating in the S-A node (R. Langendorf and S. S. Mintz). 178.  
 Ptosis, angina pectoris with associated paroxysmal (H. G. Miller and R. Daley). 29.  
 Pulmonary endarteritis, cor pulmonale due to bilharzial (D. Evan Bedford, S. M. Aidaros, and B. Girgis). 87.  
 Pulmonary vascular sclerosis with right ventricular failure (A. M. Barrett and L. Cole). 76.

## R

- Recruits, early diagnosis of rheumatic valvular disease in (J. Parkinson and R. Hartley). 212.  
 Rheumatic valvular disease in recruits, early diagnosis of (J. Parkinson and R. Hartley). 212.  
 Ruptured congenital aneurysm of the posterior sinus of Valsalva (R. N. Herson and M. Symons). 125.  
 Rupture into the pleura, dissecting aneurysm with survival after (M. Campbell). 200.

## S

- S-A node, premature systoles originating in the (R. Langendorf and S. S. Mintz). 178.  
 Sclerosis, pulmonary vascular, with right ventricular failure (A. M. Barrett and L. Cole). 76.  
 Silent dissection of the aorta (J. Hoskin and F. Gardner). 141.  
 Sinus, posterior, of Valsalva, ruptured congenital aneurysm of the (R. N. Herson and M. Symons). 125.  
 Spine, aneurysmal dilatation of the left auricle with erosion of the (H. Ashworth and A. Morgan Jones). 207.  
 Sternal depression, the heart in (W. Evans). 162.  
 Systole, duration of the electrical (K. Berliner). 69.

## T

- T wave, the effect of nitrite and exercise on the inverted (W. Stokes). 62.

## V

- Valsalva, ruptured congenital aneurysm of the posterior sinus of (R. N. Herson and M. Symons). 125.  
 Valvular disease in recruits, early diagnosis of rheumatic (J. Parkinson and R. Hartley). 211.  
 Vascular sclerosis, pulmonary, with right ventricular failure (A. M. Barrett and L. Cole). 76.  
 V and CF lead connections, a comparison of (L. Wallace and N. Grossman). 83.  
 Ventricular failure, right, pulmonary vascular sclerosis with (A. M. Barrett and L. Cole). 76.

## W

- Wenckebach type of A-V block, the mechanism of (G. M. Decherd and A. Ruskin). 6.  
 Wolff-Parkinson-White syndrome, mechanism of the (R. J. Duthie). 96.
